TO WHOM IT MAY CONCERN

It gives me great pleasure to place in record my sincere gratitude for the resourceful workshop on 'Creative Thinking' conducted by the Egyptian Delegation led by **Ms. Nesrine Noureldin**, Head of Arabic Department and **Mr. Waheed Kamal**, Deputy General Manager, British Columbia Canadian International School, Cairo (Egypt) on their visit to our institution on 13th April 2018. The session was exciting, rewarding and re-orienting for our teachers, added along another interactive and informative session that has vividly influenced the learners of our institution to value the 'Secrets of Egypt'. Both the sessions were highly appreciated by the teaching and the student community.

I am certain that this is just an opening in our collaborative learning and this educational trend is 'all set' for years, between the schools and countries promoting the global learning and peace features of our culture. It was and it will be our happiness to share that we had been placed to gain realistic view on international relations and we owe a great deal of gratitude for the valuable time shared with us. We extend our earnest gratitude to the school management for the consent and support in having such enlightening sessions in our school.

I wish good luck to Ms. Nesrine Noureldin and Mr. Waheed Kamal and pray for success in all their future endeavors.

With Warm Regards
